

**ABOUT LP**

**BUILD WITH US.®**

## about lp

LP Building Products is a premier supplier of building products, delivering innovative, high quality commodity and specialty products to retail, wholesale, homebuilding and industrial customers.

## history

LP became an independent corporation (Louisiana-Pacific Corporation) on January 5, 1973. Building on a strong presence in lumber and plywood, LP pioneered the U.S. production of oriented strand board (OSB) panels in 1982.

Today, LP is one of the leading manufacturers of premium building products in North America, with 2008 sales of about \$1.4 billion. We're proud to be known for manufacturing a wide variety of commodity and value-added specialty building products for customers who know they can count on LP for quality products and service.

## operations

LP operates 26 mills (17 in the United States, 6 in Canada, 2 in Chile and 1 in Brazil) and employs nearly 5,100 people.

## markets and customers

LP serves the new home construction and repair and remodel markets. Our customers include building products distributors, dealers, retail home centers and other building products suppliers.

## LP vision

LP will be a respected, profitable and growing building products company that is...

The supplier of choice because of our quality products and reliable services and...

An employer of choice because we are a safe, ethical, fun, challenging and rewarding place to work.

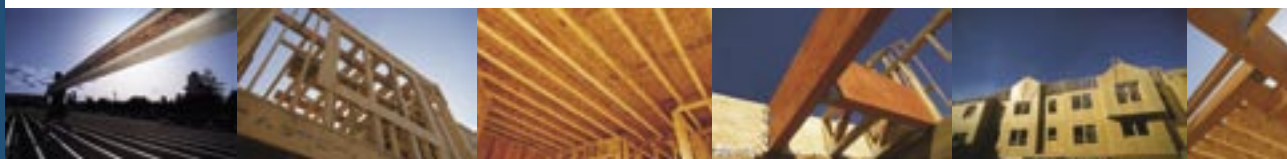

### values to build on

We have built our success on a commitment to a solid corporate foundation, innovative, ethical, and safe business practices, and our popular products. Today, people across the building industry tell us the LP name represents quality, dependability and

consistency from a respected company with good people. LP thrives on a values-driven culture of uncompromising ethics and teamwork, including:

- Safety, protection of the environment, compliance with all laws and ethical behavior at all times
- Providing only quality products to our customers
- A fundamental respect for people, including a diversity of perspectives, a high level of communications, teamwork and personal growth
- Accountability
- Continuous improvement
- Push-back and challenge
- A commitment to our communities

BUILD WITH US.®

## Products

### OSB

LP produces more OSB than anyone else in the world. Besides OSB structural panels, LP offers a full line of value-added products, such as LP TechShield® Radiant Barrier and LP TopNotch® sub-flooring.

### siding

LP's family of siding products includes such well-known names as LP SmartSide® composite siding, and LP Canexel® hardboard products.

### engineered wood products

LP's Engineered Wood Products include LP SolidStart® I-Joists, Laminated Veneer Lumber (LVL), Laminated Strand Lumber (LSL) and Rim Board.

### other products

This segment includes LP Moulding, a large family of decorative, prefinished and primed interior moulding.

### giving back

Dedicated to investing in communities where our employees live and work, LP and its charitable arm, the LP Foundation, provide generous funding, products and volunteer talent of our employees to support public schools and nonprofit organizations.

Contributions are focused in areas of shelter, public education, social services and the environment. In many site locales, LP sponsors Community Advisory Councils to maintain open communication with neighbors and communities.

BUILD WITH US.®

### our commitment to the environment

LP uses forest management and timber procurement systems that are SFI® certified, which helps to ensure its wood comes from well-managed forests.

The green attributes built into LP products are recognized in green

building certification programs across North America.

LP's comprehensive Environmental Management System (EMS) at manufacturing sites integrates environmental responsibility into the job of every plant employee.
